

Harvey Mueller joins Medican Construction

MEDICINE HAT – Harvey Mueller has been appointed Vice President of Construction for Medican, as announced on Monday by Chief Restructuring Officer Ty Schneider.

“Harvey is a great addition to the team,” says Schneider. “He has the experience we need to move the company forward.”

Mueller has 40 years experience in the construction industry. “I got my start when I was 16 years old, working with my dad,” says Mueller.

Over the course of his career, Mueller has worked on a number of commercial projects around the city, including the construction of the original Medicine Hat Golf Course building, the Cedar Square insurance building downtown and the terminal at the Medicine Hat Airport, as well as the construction of a condominium project.

“I’ve been around so long,” jokes Mueller, “that I helped build the first Moose Hall and then later helped demolish it.”

Mueller previously worked for Medican in the late ‘70s and early ‘80s. As Vice President of Construction, Mueller will be responsible for all Medican projects.

The company currently has projects under construction in Calgary, Red Deer, Medicine Hat and Okotoks. “I plan to be on the road the next weeks,” Mueller says with a smile.
